MEMORANDUM FOR: Mr. Warner
FROM: Mr. Houston
SUBJECT: Nuclear Test Ban Hearings

Elder tells me that a group has been set up to consider presentations for the Stennis Subcommittee on test ban. [redacted] McNaughton and someone from Disarmament and [redacted] make up the group. This is a very delicate subject for the boss. He will try to keep out of the committee hearings but if we are approached no one but he will say anything. Let's get together with [redacted] on Monday to see what, if anything, we might say to [redacted] about this.
